ABSTRACT

GONZALES, ANNE PAULENE D., PARAS, RICHELLE ANN G., SANTIAGO, JOMAR A. Statistical analysis of crimes committed against person in the cities of General Trias and Trece Martires, Cavite from 2016 to 2018. undergraduate thesis. Bachelor of Science in Criminology, Cavite State University, Indang, Cavite. May 2019. Adviser. Prof V-jay S. Eusebio.

The study was conducted from August 2018 to May 2019 in the cities of General Trias and Trece Martires, Cavite. In accessing the statistical analysis of crimes committed against person in the cities of General Trias and Trece Martires, Cavite from 2016 to 2018. Specifically, it pursued to answer the following problems: to determine the demographic profile of the offenders committed of crimes against person in terms of their age, sex, civil status, educational attainment, and crimes committed, to determine the statistical crime rate of crimes against person in the cities of General Trias and Trece Martires in terms of 2016, 2017 and 2018, to determine the actions taken by the Philippine National Police to lessen the crimes against person.

Descriptive method of research was used in the study, to employed in processing the responses and with the use of gathering data and survey questionnaire were done to gather the information. The total number of participants in this study from cities of General Trias, and Trece Martires, Cavite were 651 offenders. A self-made survey questionnaire was answered by the Philippine National Police regarding their actions taken.

It was found out that in the demographic profile of offenders from the cities of General Trias, Cavite and Trece Martires, Cavite, the age bracket of 26 to 40 years old are majority offenders committing of crimes against person from year 2016 to 2018, in terms of age. Moreover, in terms of Sex in the cities of General Trias and Trece

Martires, Cavite, the usual offenders who commits crimes against person from year 2016 to 2018 are males rather than female are mostly victim of the crime. More so, in the cities of General Trias, and Trece Martires, Cavite from 2016 to 2018, in terms of civil status, the usual offenders are single due to the fact that married are more responsible and matured. Furthermore, in terms of Educational Attainment in the cities of General Trias and Trece Martires, Cavite, the usual offenders are Highschool Undergraduate commits crimes against person in the year 2016 to 2018, they are the most possible in committing crimes and they didn't have enough and sufficient knowledge. Lastly, in terms of Crimes Committed, in the cities of General Trias, and Trece Martires, Cavite from 2016 to 2018, Physical Injury is the typical crime committed by the offenders, that may lead to criminality due to the drinking alcohol, gang war and trouble making, financial, bullying, offensive and abusive jokes and family problem.

On the other hand, in the cities of General Trias, and Trece Martires, Cavite from year 2016 to 2018 the statistical crime rate of crimes against person, the typical crime commits was physical injury, the offender committing crime due to involving of illegal drugs, trouble making, financial problem and family problem.

More so, in the two cities the highest recorded crime that commits in three consecutive years is the city of General Trias, Cavite and the city of Trece Martires, Cavite which has the least recorded crime rate in the three consecutive years.

Lastly, in the cities of General Trias and Trece Martires, Cavite from 2016 to 2018, the of action taken by the law enforcement to prevent the crime is the operational plan doing by the Philippine national police to implement the so-called intensification on focus police operation, which is the operational plan is required to conduct by the station, the Law Enforcement is to prevent the crime incident happen

in their city, to give an action to the community to serve and protect the community. The Operational Plans that conducted by the Philippine National Police are; *Oplan Soliguan* is visitation of financial establishments, *Oplan Streethawk* is 10-2-5 round the clock checkpoints, *Oplan Bakal* is inspection gun yielding or persons inside alcohol serving in Establishment, *Oplan Bulabog* is conduct of all oplans in an area, *Oplan Galugad* is random inspection of the persons on the street, *Oplan Carpentero* is getting the profile of the construction workers, for their background investigation, *Oplan Tambay* is curfew, *Oplan Tokhang* is operations that helps in anti-illegal drug campaign, *Oplan Sita* is random inspection of vehicles, *Oplan Tomahawk* is confrontation and dialogue to persons drinking visibly to public, *Oplan Bandillo* is information drive thru mobile specimen on public places, *Oplan Katok* is notice to the gun owners with expired license (house to house visitation), *Alpha Bisita* is visitation of secondhand sellers/junk shop/motor shops, Police Visibility, Check points / Established Visit, Information and Dissemination, lecture, Discussion, Dialogue, Information and Dissemination, Crime awareness, and Lastly is to Conduct Oplans and Operational plans.
