About the Authors

Nelia G. Prieto, PhD, holds AB and BSE degrees, Cum Laude, major in English and minor in Physical Education and Mathematics from the Universidad de Sta. Isabel, Naga City. She obtained her Master's degree in Literature from U.S.T., Meritissimus and her PhD in Education Administration from the University of the Philippines-Diliman.

Dr. Prieto was past President of the National Council of Education Innovators (NCEI), Chair of CEAP NCR Dean's Commission, and treasurer of PAFTE-NCR and Vice President for Luzon-PAFTE National, and concurrently the Chair of the Research Committee and evaluator of project IMPACT of SEAMEO-INNOTECH. She was a recipient of the Best Research Paper Award given by DOST in 2010. Currently, she is the PRO of Phi Lambda Theta and a board member of the Philippine Education for National Community Initiatives and Linkages (P.E.N.C.I.L.). She serves as a member of the Regional Quality Assessment Team (RQAT), CHED RO IV- A and IV- B for Teacher Education in the undergraduate and graduate levels. She has taught various English/Literature and Education courses and Secondary, College and Graduate School. She was Chair, Education Department of St. Joseph's College, Quezon City where she established the International Student Practicum which allowed students to do practice teaching in Indonesia and Thailand. She was also Dean of the College of Arts and Sciences and School of Education, Arellano University, Mandaluyong City.

At present, she teaches in the Graduate School of the Pamantasan ng Lungsod ng Marikina, University of Perpetual Help System and St. Joseph's College, coordinates Continuing Professional Development activities does consultancy and editing work, conducts seminars and training programs as well as LET review, writes textbooks and articles in the PTM and travels here and abroad for pleasure and professional growth.

Violeta A. Vega, PhD, is the former Vice President for Academic Affairs and Dean of Education Department of the Divine Word College of Calapan, Calapan City. She holds a Bachelor of Science in Elementary Education (BSEEd) degree, magna cum laude, a master's degree in Education, major in Administration and Supervision, and a PhD major in Management. She had teaching stints in the undergraduate and graduate schools of Divine Word College of Calapan. She was an elementary grades teacher for thirteen years and head teacher for two years in the public schools. She served as member of the Regional Quality Assessment Team of CHED Region IV-B and President of the Council of Deans in the same region. As the first President of the Philippine Association for Teacher Education (PAFTE) of Region IV-B, she served the chapter from 2003-2008.

Elizabeth F. Felipe, MD graduated with Bachelor of Arts in Science degree from the University of Manila and Doctor of Medicine from SWU, Cebu City. She completed her Master's in Clinical Embryology at LEEDS University, London. She passed the LET in 2015 after getting a 30-unit certificate in Continuing Professional Education from St. Joseph's College, Quezon City. She is presently enrolled in doctorate program major in Educational Management at the UPHS.

Her medical practice spans over three decades while serving as Training Officer at UDMC and the current chairman of its OBY-GYN Department. She also teaches Science and Research course at SJC College of Arts and Sciences. Aside from her professional affiliations as a doctor, she is also a PAFTE member and was a paper presenter at its national conference held in Cagayan de Oro City. Her updating includes travels abroad particularly to attend international seminars and conferences.

Julius L. Meneses, PhD is the current Vice President for Programs, Research and Extension at Rizal Technological University. His teaching career started as a science teacher in 2004. As a researcher in science education, he has written and published research papers. He has also co-authored books related to Sciences and developed modules for secondary science students. He handles Methods of Research, Environmental Science, Natural Sciences and Professional Education subjects in the undergraduate and graduate programs. Dr. Meneses earned her Master's and doctorate degree in Education at the Rizal Technological University. He has also been an active member and an officer of different professional and scientific organizations such as Philippine Association of Teachers and Educators, Mycological Society of the Philippines, Biology Teachers Association Inc. and others.
