TRANSFORMING SOCIAL WORK PRACTICE

Series editors: Jonathan Parker & Greta Bradley

Our best-selling student series is:

- ☒ Affordable
- ☒ Written to the Professional Capabilities Framework
- ☒ Mapped to the social work curriculum
- ☒ Practical with clear links between theory & practice

Since launching in 2003, *Transforming Social Work Practice* has become the market-leading series for social work students. These books use activities and case studies to build critical thinking and reflection skills and will help social work students to develop good practice through learning.

'This is an excellent introductory level book that will benefit students in understanding the important link between social policy and social work. My students really enjoy it!'

Jessica Wagner, Faculty of Health Sciences, Staffordshire University

Are you feeling unclear as to what social policy actually is? Are you questioning the relevance of social policy to social work education and your future role as a professional social worker? Then you can rest assured that you are not alone and that you have come to the right place.

An understanding of social policy is crucial for social workers as it underpins and shapes the legislative framework that they work within. From safeguarding service users and enabling them to improve their lives, to protecting the most vulnerable in society, social policy remains at the heart of everything social workers do in their daily practice. This book introduces social policy and shows how it has changed and evolved over time, how it reflects changes in society and how it shapes everyday social work practice. Split in two parts, it starts out by taking you step-by-step through the historical and theoretical context of social policy and social work, before moving on to look in depth at how social policy impacts upon people at different stages in their life course. A range of pedagogical features have been used to aid your learning and understanding, including case studies, reflection points and activities.

The Authors

Jo Cunningham is Head of School, School of Social Work, Care and Community at the University of Central Lancashire.

Steve Cunningham is a Senior Lecturer in Social Policy at the University of Central Lancashire.
