Table of Contents

Preface ..... *iii*

Acknowledgment ..... *v*

Chapter 1 – Introduction ..... **1 – 27**

Environment
The Management of Resources
Environmental Management
Environmental Planning
Environmental Management System (EMS)
Reduce, Reuse, Recycle
EMS Frameworks
ISO14001
Activity 1-a
Activity 1-b

Chapter 2 – Population ..... **29 – 47**

Population Growth
Overpopulation
Responsible Parenthood
Church vs. State – Competing Stands on Population in the Philippines
Activity 2-a
Activity 2-b

Chapter 3 – Poverty 49 – 75

Causes of Poverty
Environmental
Economic
Health Care
Governance
Demographics and Social Factors
Poverty and Environment Relation
Activity 3-a
Activity 3-b

Chapter 4 – Food 77 – 87

Environmental Problems Arising from Food Production
Genetically Modified Food (GM Food)
Organic Agriculture as an Element of Sustainable Agriculture
Adverse Effects of Food Manufacturing Technologies on the
Environment
Government Interventions
Activity 4-a
Activity 4-b

Chapter 5 – Energy 89 – 117

Categories of Energy
Renewable Energy
Non-renewable Energy
Poor Waste Management Disposal
Illegal Logging
Illegal and Dynamite Fishing
Fertilizers, Pesticides, and Insecticides
Smoke Belching
Oil and Gas: Exploration, Production, and Transport
Characteristics of a Good Energy Resource
Natural Gas
Coal
Nuclear Energy
Alarming Issues
Activity 5-a
Activity 5-b

Chapter 6 – Green Revolution & Biotechnology 119 – 127

Green Revolution
Post-Green Revolution Problems/Setbacks
Biotechnology – The Next Green Revolution
Requisites for a Successful Biotechnology Scheme
Green Revolution and Biotechnology in the 21st Century
Activity 6-a
Activity 6-b

Chapter 7 – Technology 129 – 139

Benefits of Technology
Pros and Cons of Technology
Technology Issues
Activity 7-a
Activity 7-b

Chapter 8 – Cost Reduction And Probable Renewable Energy Solutions For Various Industries 141 – 149

Why is there a need to go solar?
Solar Energy and Agriculture
Drive the Future with Solar Powered Cars
Solar Power vs. Fossil Fuels
Activity 8

Chapter 9 – Renewable Energy Act 151 – 167

Republic Act No. 9003
Republic Act No. 9275
Republic Act No. 9513
Republic Act No. 10121
Philippine Environmental Laws
Activity 9

Chapter 10 – Alternative Futures 169 – 179

Environment – Navigating the Future
Karma
People, the Environmental Crisis, and the Future of Life on Earth
What can we expect in the future?
Activity 10

ABOUT THE AUTHORS

Dr. Neil Catly Bermudez is a graduate of Adamson University where he finished a Bachelor of Arts degree in Economics. Three years later in March 1993, he earned a Master of Arts degree in Teaching Social Science from Philippine Normal University. In April 2000, he obtained another post graduate degree, Master in Business Administration major in Financial Management from National College of Business and Arts. Last April 2011, He graduated Doctor of Public Administration from Trinity University of Asia (TUA).

Professor Bermudez taught at Philippine Christian, De La Salle University (CSB), Asia Pacific College, Far Eastern University, Trace Computer College, National College of Business and Arts, and Central Luzon College of Science and Technology (CELTECH). Currently, he is a full time faculty member of the College of Business Administration at Trinity University of Asia and a part time faculty member of the Graduate School of Business and Management at the Philippine Christian University.

Dr. Diosdado Limon Cabiling, Jr. is currently connected with Auckland Institute of Studies, Auckland, New Zealand as a Senior Lecturer. He is a graduate of Ph.D. in Technology Management at Technological University of the Philippines, MS Management Engineering at FEATI University, BS Civil Engineering and BS Industrial Engineering at Adamson University. In New Zealand, he finished National Certificate in Adult Literacy and Numeracy Education, Level 5 and Certificate in Small Business Management, Level 4. His Ph.D. in Technology Management is recognized Level 10 by New Zealand Quality Authority (NZQA).

He also earned 48 units in DBA at Polytechnic University of the Philippines (Dissertation writing) & 27 units in Ph.D. in Human Resource Management at EARIST.

Dr. Cabiling has worked in the government as Senior Civil Engineer and Statistician. He has also taught in several well-known and CHED recognized institutions like Polytechnic University of the Philippines, University of Santo Tomas, Far Eastern University, Letran College, Pamantasan ng Lungsod ng Maynila, University of the East, Emilio Aguinaldo College, Technological Institute of the Philippines, Mapua Institute of Technology, and St. Joseph's College. He has handled subjects in the fields of Marketing, Management, Logistics, Civil engineering and Industrial engineering. He served as adviser/supervisor for graduate school theses and dissertations. Lastly, he is handling business-IT related papers in the Information Technology programme at Auckland Institute of Studies.

Dr. Lorma San Luis San Pedro finished her degree in BSBA Economics and BSBA Computer Management at Colegio de San Juan de Letran. She pursued post graduate studies and earned her Master in Business Administration (MBA) also from the same Colegio. Last March 2016, she fulfilled her dream of earning a degree in Doctor of Business Administration (DBA) from St. Linus University. She is presently taking her PhD in Economics also from St. Linus University.

Dr. San Pedro has worked in major industries like banking and logistics. She has also taught in established schools like Colegio de San Juan de Letran, San Beda College, and Trinity University of Asia. She has handled subjects in the areas under Economics, Management, Finance, Marketing & Logistics.

She also taught various Business Management subjects at the Graduate School of Centro Escolar University. She has also written books in the fields of Operations Research for Business Management and Applied Economics for K-12 with Dr. Neil C. Bermudez.

Xinqin Zhang was born in China. She obtained her Master's degree (LL.M) from Guangxi University in China in 2010 and is currently taking her Doctor of Public Administration (DPA) at Centro Escolar University in Manila, Philippines.

She worked as Lecturer in Beihai College of Beihang University in China where she taught Management and Philosophy related courses. She hosted and participated six projects, and published more than ten papers in the journals.
