The study entitled, Development of Bible Themed Mobile Application Using Android, aims to help the Bible readers to be more interested and active in reading the Bible. This study demonstrate to help people that are lack in understanding the word of God, difficulty in finding the verse that they needed, and lack of interest in reading the Bible. These problems are gathered through conducting an interview. The design and development of the system was aligned to solve the problems. The testing and implementation of the system was evaluated by different possible users.

The application was able to provide Bible topics that will help the readers to search Bible verses corresponding to the given topic and gospel reflection for more understanding. This also gives management in reading the Bible throughout the year. It consist chapters given in a day. It also assess the reading of the user through taking a quiz. This will record the score and the numbers of the day that have read to assess the progress of the user.

This study concludes that the system will help the Bible readers through providing the Bible reading guide whereas reading the Bible through a book, they will have more interest in reading the Bible through the advancement of technology.

INTRODUCTION

Tracing the history, the Bible was written over a span of 1500 years, an eyewitness account of historical events and considered to be a product of divine inspiration or an authoritative record of relationship between God and Humans. Written by forty (40) different authors in different locations, who themselves encountered God physically during their era. It is also a collection of texts sacred in Judaism and Christianity. Through the Bible, God showed us who He is, what it's like to know him and ultimately, encounter his presence in our lives. It is written many years ago but still, the scriptures are still capable to answer our questions and uplift our spirit up to this modern times.

Up to this age, every Christians are encouraged to read the bible daily, to deepen their knowledge to the word of God, which contributes to their Spiritual growth. It contains pure truth about God, about life, the nature of mankind and our own hearts as
