Foreign Relations and Policies of The United States of America

The United States of America is one of the world's most powerful countries. Therefore, all the decisions taken by them impact the countries around the world. This book's focus is on the major foreign relation policies of USA and how they affect and change the policies of the government around the globe. This book explores all the important aspects of foreign relations and policies of USA in the present-day scenario. Coherent flow of topics, student-friendly language and extensive use of examples make this textbook an invaluable source of knowledge.

Oliver Young pursued his MA in International Relations from King's College London, United Kingdom. His research work is focused on American economic and foreign policies. He has produced over 50 articles and research papers in the field of international relations. Young has been awarded the "Dean's Award for Distinguished Teaching" for his excellence in guiding students.
