FIFTH EDITION

"If you only read one book on teaching practice make it this one." Amazon reviewer (of a previous edition)

## A new edition of the classic introduction to teaching

For over two decades, *Essential Teaching Skills* has supported teachers through expert guidance on the nitty-gritty of teaching. Now fully updated, it reflects important changes in policy, teaching skills and classroom practice, including evidence-based teaching, assessment, and effective mentoring and professional development. The 5th Edition:

- Offers a reliable and authoritative guide to practical skills in teaching, covering relevant developments in education policy and teaching and learning in the classroom
- Includes increased coverage of mentorship how to be mentored and to effectively mentor others
- Explores a full range of essential skills and issues teachers must master, alongside supportive advice and practical guidance
- Underpinned by up-to-date research findings and suggestions for further reading
- Relevant for professionals within the UK education system, as well as those teaching at international schools and training institutions.

Chris Kyriacou is Professor in Educational Psychology at the University of York where he focuses on psychological aspects of teaching and learning in schools. He is the author of a number of other introductions to education and teaching practice, including Effective Teaching in Schools, 3rd Edition.

"A highly readable comprehensive survey of a range of teaching skills, very useful for both new teachers and the more experienced."

Steve Illingworth, History PGCE Course Leader at Edge Hill University, UK
