------------------	----

Chapter 1: Thinking about classroom assessment **15**

1a) Personal introduction	15
Setup of this book	20
1b) Approaches to assessment	21
Why do assessment?	22
How do schools approach assessment?	23
Who is assessment for?	24
1c) Summative and formative assessment	26
Summative assessment bad, formative assessment good?	30
1d) Teaching, learning and assessing	32
Teaching, learning and assessing as social activities	33
1e) Influences on classroom assessment	37
Research influences	38
Cultural influences	40
Political influences	41
Social influences	43
1f) A model for assessment	44

Chapter 2: How to do classroom assessment **49**

2a) It's not what you do, it's the way that you do it	49
2b) Towards a formative classroom culture	51

Your own pen portrait	51
Limitations of the survey	58
2c) Planning meaningful assessment	58
Where planning for assessment fits in	59
Creating a formative classroom culture through planning	59
How to plan for formative assessment:	
Bloom's taxonomy	61
Phases towards planning for formative assessment	67
Practice analyser: Planning for classroom assessment	68
Analysing your practice and deciding your next steps	69
Planning teacher-led assessment (practices 1-4)	70
Planning your questioning (practice 4)	74
Planning learner-centred assessment (practices 5-7)	75
Planning opportunities for feedback and improvements (practices 8 and 9)	77
Planning lessons based on meaningful assessment (practice 10)	79
Using test results to inform lesson planning	81
Longer-term planning for assessment	81
2d) Questioning your questioning	82
Where questioning fits in	82
The culture of teachers and questioning	82
Phases towards more formative questioning	84
Questioning your questioning	86
Developing your questioning	88
Analysing your practice and deciding your next steps	90

Developing shared values in questioning (practices 1-10)	91
Developing teacher-led questioning (practices 1-4)	93
Moving from teacher-led to learner-centred questioning (practices 4-9)	94
Dealing with wrong answers (practice 4)	95
Answering learners' questions (practice 5)	95
Involving all learners in questioning (practice 6)	97
Deciding the next steps in learning from questions (practice 7)	97
Increasing thinking time (practice 8)	97
Moving from teacher-led to student-led questioning (practice 10)	100
2e) Developing meaningful objectives	102
Creating a formative classroom culture through meaningful objectives	102
The purpose of objectives	102
Objectives and outcomes	103
Formulating learning objectives	104
Where meaningful objectives fit in	105
Phases towards developing meaningful objectives and outcomes	107
Practice analyser: Developing meaningful objectives and outcomes	108
Analysing your practice and deciding your next steps	109
Using titles and questions (practice 1)	110
A list of lesson tasks is shared with learners (practice 2)	111
Learning intentions are shared with learners (practice 3)	112

Learning objectives are shared explicitly with learners (practice 4)	113
Learning objectives are shared explicitly with learners (practice 5)	115
Learning objectives are shared explicitly with learners (practice 6)	115
Learning objectives are used to inform assessment in the lesson (practices 7–9)	118
Learners contribute to designing lesson objectives (practice 10)	121
2f) Developing meaningful success criteria and rubrics	122
Creating a formative classroom culture through success criteria and rubrics	122
Towards a formative culture when using success criteria or rubrics	122
Where success criteria and rubrics fit in	126
Phases towards meaningful success criteria and rubrics	128
Practice analyser: Developing meaningful success criteria and rubrics	130
Analysing your practice and deciding your next steps	131
No expected outcomes shared with learners (practice 1)	132
Success criteria shared at task level (practice 2)	133
Success criteria shared at learning level (practice 3)	134
Sharing ready-made rubrics with my learners (practice 4)	136
Developing your own rubrics (practice 5)	138

Actively engaging learners with using rubrics (practice 6)	143
Plan lessons using rubrics to assess and improve learning (practices 7 and 8)	144
Learners create their own success criteria (practice 9)	146
Summary of developing meaningful criteria and rubric	149
2g) Giving meaningful and effective feedback	150
Creating a formative classroom culture through feedback	150
Where giving feedback fits in	153
Phases towards giving meaningful and effective feedback	157
Practice analyser: Developing meaningful and effective feedback	158
Analysing your practice and deciding your next steps	159
Marking learners' books with a grade and comments (practices 1 and 2)	160
Specific targets as feedback, verbally or in writing (practice 3)	162
Provide targets and the opportunity to respond in lessons (practice 4)	165
Using success criteria or rubrics to communicate feedback (practices 5 and 6)	166
Using success criteria and rubrics for feedback in self- and peer assessment (practices 7 and 8)	168
Learners use success criteria or rubrics independently (practice 9)	169
Responding to feedback is embedded in planning (practice 10)	169

2h) Meaningful self- and peer assessment	170
The culture of teachers and assessment	171
Where self- and peer assessment fit in the classroom assessment model	173
Phases towards more learner-focused assessment	173
Purposes and benefits of self-assessment and peer assessment	174
Developing meaningful self-assessment and peer assessment	178
Analysing your practice and deciding your next steps	179
How to develop shared values in learner-led assessment (practices 1–8)	180
How to do self- or peer assessment of simple tests (practices 1 and 2)	181
How to model learner assessment with an exemplar (practice 3)	183
How to do self-assessment with more complex work with a rubric (practices 4 and 5)	185
Peer assessment of more complex work with a rubric (practices 6 and 7)	187
How to support learners giving and responding to feedback (practice 8)	189
2i) Using summative tests, formatively	192
Forms of testing	192
Where summative assessment fits in	194
Phases towards using summative tests formatively	198
Practice analyser: Towards using summative tests formatively	199

Analysing your practice and deciding your next steps	199
Test done – results given (practice 1)	201
Test results used to inform next steps for teaching (practice 2)	201
Time given to going through test answers (practice 3)	201
Test results used to inform next steps for learning (practice 4)	202
Exemplar test questions given to try before the actual test (practice 5)	202
Exemplar test questions tried and improved on before the actual test (practice 6)	203
Learners given the mark scheme after the test to attempt to self-mark (practice 7)	204
Learners create their own test questions and answers (practice 8)	204
Chapter 3: The future of assessment	207
3a) Reflections on the classroom assessment model	207
3b) Educational change	207
3c) Alternative assessment	209
3d) Making progress	211
Index	213

OXFORD

TEACHING GUIDES

Develop your
pupils' learning
through managing
assessment

How To Assess Your Students is written for hard-working teachers who are looking for support with assessment. It guides practitioners through the assessment journey – from what it is, and what options are available, through to the implementation of activities and getting the most out of the data they yield. Showing how to use assessment as a proactive, positive tool, this book:

- Empowers teachers to develop a **progressive assessment culture** in the classroom
- Provides **practical guidance** on preparing effective assessment strategies
- Shows how we can **learn from assessment data** to provide learners with constructive feedback and make informed decisions about their progression.

"An essential read for all teachers...

Andrew intertwines research and practice in a clear conversational style that speaks to the classroom teacher."

Dr Chris Harrison, Reader in Science Education, King's College London

Having worked as a science teacher for ten years, **Dr Andrew Chandler-Grevatt** is now a teaching fellow on the teacher education course at the University of Sussex. He has taught and researched assessment in a range of countries, including the UK, Kazakhstan and China.

"This is a great resource

for teachers who are new to the profession as well as for experienced teachers who are looking to improve their practice or who are mentoring new colleagues. I wish I'd had this book when I started teaching!"

Ann McLean, French/ESL teacher, UK, British Columbia, France
