The content, statements, views, and opinions herein are the sole expression of the respective authors and not that of Jones & Bartlett Learning, LLC. Reference herein to any specific commercial product, process, or service by trade name, trademark, manufacturer, or otherwise does not constitute or imply its endorsement or recommendation by Jones & Bartlett Learning, LLC and such reference shall not be used for advertising or product endorsement purposes. All trademarks displayed are the trademarks of the parties noted herein. *Role Development for the Nurse Practitioner, Second Edition* is an independent publication and has not been authorized, sponsored, or otherwise approved by the owners of the trademarks or service marks referenced in this product.

There may be images in this book that feature models; these models do not necessarily endorse, represent, or participate in the activities represented in the images. Any screenshots in this product are for educational and instructive purposes only. Any individuals and scenarios featured in the case studies throughout this product may be real or fictitious, but are used for instructional purposes only.

The authors, editor, and publisher have made every effort to provide accurate information. However, they are not responsible for errors, omissions, or for any outcomes related to the use of the contents of this book and take no responsibility for the use of the products and procedures described. Treatments and side effects described in this book may not be applicable to all people; likewise, some people may require a dose or experience a side effect that is not described herein. Drugs and medical devices are discussed that may have limited availability controlled by the Food and Drug Administration (FDA) for use only in a research study or clinical trial. Research, clinical practice, and government regulations often change the accepted standard in this field. When consideration is being given to use of any drug in the clinical setting, the health care provider or reader is responsible for determining FDA status of the drug, reading the package insert, and reviewing prescribing information for the most up-to-date recommendations on dose, precautions, and contraindications, and determining the appropriate usage for the product. This is especially important in the case of drugs that are new or seldom used.

Contents

Foreword ix
Preface x
Contributors xii
Reviewers xiv

PART 1 **Scientific Underpinning of the Nurse Practitioner Role** 1

Chapter 1 Historical Perspectives: The Art and Science of Nurse Practitioning 3

Julie G. Stewart

Historical Perspective 4
Nurse Practitioner Education and Title Clarification 5
The Master's Essentials 6
Nurse Practitioner Core Competencies 6
Doctor of Nursing Program (DNP) 9
Nurse Practitioners' Approach to Patient Care 12
Nurse Practitioners' Unique Role 18
Seminar Discussion Questions 25
References 26

PART 2 **The Nurse Practitioner–Patient Relationship** 29

Chapter 2 Family-Focused Clinical Practice: Considerations for the Nurse Practitioner 31

Susan M. DeNisco

Family Theory 31
Family Resilience and Capacity Models 34
Family Structure, Function, and Roles 39
Family Development 40
Divorced Families 41
Nontraditional Families 41
Structural Assessment and Family Interviews 44
Family Problem List 52
Seminar Discussion Questions 54
References 54
Additional Resources 57

Chapter 3 Vulnerable Populations 59

Susan M. DeNisco and Julie G. Stewart

Section One: Overview of Vulnerabilities and Disparities 59
Section Two: Overview of Select Special Populations, Direct Care, and Access 63

Section Three: Developing Population-Based Programs for the Vulnerable 83
Chapter Summary 85
Seminar Discussion Questions 85
References 85

Chapter 4 Mental Health and Primary Care: A Critical Intersection 89

Brandi Parker Cotton

Health Disparities in Mental Health 89
Patients with Co-occurring Disorders 90
Children and Mental Health 96
Housing Instability and Homelessness 100
Vicarious Traumatization 102

Managing Bipolar Disorder in the Primary Care Setting 106
Understanding Scope of Practice 106
The NP Role in Caring for Vulnerable Populations 109
Seminar Discussion Questions 111
References 111

Chapter 5 Cultural Sensitivity and Global Health 115

Michelle A. Cole and Christina B. Gunther

Introduction 115
Global Diversity 116
Cultural Competency and Clinical Education 117
Cultural Awareness 118
Cultural Humility 120
Cultural Competence and the Clinician 122
Cultural Immersion Experiences 132
Demystifying the Cultural Competence Puzzle 133
Language and Communication 136
Community Partnerships 139
Pulling It All Together 140
Evaluation 141
Seminar Discussion Questions 142
References 142

PART 3 Clinical Education for the Nurse Practitioner 147

Chapter 6 Clinical Education, Case Presentation, Consultation, and Collaboration in Primary Care 149

Julie G. Stewart, Susan M. DeNisco, Michelle Johnson, and Holly B. Bradley

The Role of Faculty 151
The Role of the Student 153
The Role of the Preceptor 156
Evaluation and Clinical Time Documentation 158
Pathways to the DNP 159
Final Project 160
Current Trends in NP Clinical Education 161
The Future of NP Clinical Education 161
Introduction to the Case Presentation 162
Organizing the Oral Case Study Presentation 163
Collaboration, Consultation, and Referral in Primary Care 170
Interdisciplinary Collaboration 174
Collaborative Health Management Model 177
Barriers and Benefits to Effective Interprofessional Collaboration 179
Seminar Discussion Questions 179
References 180

Chapter 7 Evidence-Based Practice 183

Kerry Milner

The History of Evidence-Based Practice 183
Nursing and EBP 184
Evidence-Based Competencies for Advanced Practice Nurses 187
How to Translate EBP into Practice 188
Searching for Evidence 190
Searching Databases for Best Current Evidence 191

What Counts as Evidence? 196
Critical Appraisal of Evidence 198
Evidence Synthesis and Recommendations 201
Outcomes of the EBP Process 209
Shared Decision Making: An Important Often Missed Part of EBP 209
Barriers to EBP 214
Chapter Summary Points 215
Seminar Discussion Questions 215
References 216

Chapter 8 Clinical Prevention/ Community and Population Health... 221

Julie G. Stewart

Clinical Prevention and Population Health 222
Terminology in Epidemiology 223
Population Health 226
Prevention Levels 227
HIV and Prevention Levels 235
Population Health and *Healthy People 2020* 237
Emergency Preparedness and the Nurse Practitioners 240
Seminar Discussion Questions 243
References 243
Additional Resources 244

Chapter 9 Electronic Health Record and Impact on Healthcare Outcomes 245

Stephen C. Burrows

Moving to Electronic Documentation/ Electronic Health Record: Reasons for Doing So 245
Influencing Forces 247
Meaningful Use 248
The Electronic Health Record 249
Converting to Electronic Health Record 253
Electronic Health Records Features and Functionality 257
Technical Considerations 258
Seminar Discussion Questions 259
References 259

Chapter 10 Palliative Care and Chronic Disease Management 265

Marylou Siefert, Jean Boucher, and Elizabeth Ercolano

Introduction 265
Palliative Care Definition and Background 265
Goals of Care 266
Care Transitions 267
Quality of Life 267
National Organizations 268
Nurses and Palliative Care 270
Conclusion 275
References 280

PART 4 The Professional Nurse Practitioner 283

Chapter 11 Concepts of the Professional 285

Julie G. Stewart

Professionalism 285
Autonomy 288
Ethics 289
Service/Altruism 290
Leadership 292
Seminar Discussion Questions 293
References 293
Additional Resources 294

Chapter 12 Health Policy and the Nurse Practitioner 295

Julie A. Koch

History of the NP and Related Health Policy 296

Formal Health Policy Education for NPs 297
Advancing NP Practice through Health Policy 298
Current Health Policy Issues 301
Get Involved 306
Nurse Practitioner Health Policy Exemplars 308
Seminar Discussion Questions 311
References 311

Chapter 13 Quality, Safety, and Prescriptive Authority 313

Julie G. Stewart, Linda S. Morrow, and Tammy A. Testut

An Introduction to Quality 313
Quality in Doctoral Education 314
U.S. Healthcare System 315
Institute of Medicine Quality Reports 315
Professional Accountability and Teamwork 316
Quality and Safety Education for Nurses 317
Patient-Centered Care 319
Communication and Care Coordination 320
Quality Improvement Planning 321
Safety 322
Informatics 324
Team STEPPS 324
Prescriptive Authority 325
Seminar Discussion Questions 328

Chapter 14 Mentoring 331

Julie G. Stewart

Preceptor 331
Role Model 332
Coach 333
Mentor 333
Seminar Discussion Questions 340
References 340

Chapter 15 Reimbursement for Nurse Practitioner Services 343

Lynn Rapsilber

Introduction 343
Important Steps in Reimbursement Eligibility 344
Coding and Billing Resources 345
Medical Record Documentation 353
Payment for Services 353
Evaluation and Management Documentation Guidelines 354
General Coding Guidelines 354
Key Components of Reimbursement 356
How to Bill for a Visit 361
Coding Conundrums 361
Changes to Reimbursement 364
Seminar Discussion Questions 364
References 366

Chapter 16 Professional Employment 367

Julie G. Stewart and Susan M. DeNisco

Nurse Practitioner Certification 367
Nurse Practitioner Licensure for Prescription Privileges 369
Malpractice Insurance 370
Résumé vs. Curriculum Vitae Development for Nurse Practitioners 370
Job Satisfaction 372
Collaboration 372
Empowerment 373
Interviewing Skills 374
Negotiating an Employment Contract 375
Credentialing 376
Collaborative Agreements 377
The Consensus Model—Stay Tuned! 379
Seminar Discussion Questions 379
References 379

Index 383

Role Development for the Nurse Practitioner *Second Edition*

Julie G. Stewart
Susan M. DeNisco

Role Development for the Nurse Practitioner, Second Edition guides students in their transition from the role of registered nurse to nurse practitioner. The text provides a comprehensive framework for interactive discussions on the role of the nurse practitioner, giving students a full understanding of the skills and expertise they will need to enter this dynamic profession.

The only role development resource specific to the issues of nurse practitioners and NP students, the text employs stories from actual nurse practitioners to illustrate important points. The authors provide in-depth coverage of the concepts and skills critical to NPs, exploring topics such as "nurse practitionering" as a unique theory of practice.

The text content is aligned with the AACN's MSN and DNP Essentials. The *Second Edition* can be used not only for role development seminars, but also for courses in family theory and evidence-based practice.

Role Development for the Nurse Practitioner, Second Edition includes revised and updated content on cultural sensitivity, the family in primary care, reimbursement, health policy, evidence-based practice, prescriptive authority, and professional employment.

New to the *Second Edition*:

- **New chapter:** *Vulnerable Populations*
- **New chapter:** *Electronic Health Record and Impact on Healthcare Outcomes*
- **New chapter:** *Palliative Care and Chronic Disease Management*
