## ABSTRACT

**DESABELLE, PRECIOUS JOY R. AND SAYAT, ANJENETTE KAYE G.**  
**Preparedness of the Graduating Student of Bachelor of Science in Social Work in Cavite State University, Indang Campus for Licensure Examination for Social Workers.** June 2019. Adviser: Mrs. Merlie C. Nahilat, RSW, MSSW.

This study entitled. "Preparedness of Graduating Students of Bachelor of Science in Social Work at Cavite State University, Indang Campus for the Licensure Examination for Social Workers". This study aimed to determine the physical, financial, psychological, academic, and spiritual preparations of the graduating students of Bachelor of Science in Social Work before they take the licensure examination.

This study utilized quantitative descriptive design and used the purposive sampling method. The researchers used self-made questionnaire that was validated by their thesis adviser, technical critic, and three experts related to the study.

Based on the data gathered, the graduating students were slightly prepared in taking for the licensure examination in terms of physical aspect. In the financial, academic and psychological aspect they were prepared for the possible expenses for the review and licensure examination and also gained confidence in taking the licensure examination because of the completion of the Field Instruction subjects and some were enrolled in review schools. Their family and friends helped them by giving encouragement and words of wisdom. In terms of spiritual aspect, they were very prepared believing that praying at night would help boost their confidence and having a good circle of friends increased their spirituality, through their motivation and support.

The study showed that if the student passed appropriate physical strength, were properly supported in terms of financial, academic assistance by the institution, prepared

psychological and spiritually, they would be able to grab the opportunity of taking the licensure examination for Social Workers given by Professional Regulation Commission.

**INTRODUCTION**

Having eligibility is one of the important matters that a worker in a company, institution, organization, and even in society should have. Part of creating professional individuals is having college courses which require a licensure examination. The Commission on Higher Education (CHED) is acknowledging different courses that various schools, universities and colleges are offering. Some of the courses being offered by such schools, colleges, and universities are the following: Engineering, Education, Psychology, Accountancy, Nursing, and Social Work.

Social work is a practice-based profession and an academic discipline that promotes social change and development, social cohesion and the empowerment and liberation of people. Principles of social justice, human rights, collective responsibility and respect for diversities are central to social work. Underpinned by theories of social
