Preface .....	vii
The Course Map .....	xii
Suggested Course Syllabus .....	xiii

## CHAPTER I: INTRODUCTION TO ASSESSMENT IN LEARNING

<b>Lesson 1: Basic Concepts and Principles in Assessing Learning</b> .....	2
What is assessment in learning?.....	3
What are the different measurement frameworks used in assessment?.....	4
What are the different types of assessment in learning? .....	5
What are the different principles in assessing learning?.....	6
<b>Lesson 2: Assessment Purposes, Learning Targets, and Appropriate Methods</b> .....	16
What is the purpose of classroom assessment? .....	17
What are learning targets? .....	19
The Bloom's Taxonomy of Educational Objectives .....	19
The Revised Bloom's Taxonomy of Educational Objectives.....	21
Types of Learning Targets .....	24
Appropriate Methods of Assessment.....	24
<b>Lesson 3: Different Classifications of Assessment</b> .....	34
What are the different classifications of assessment? .....	35
When do we use educational and psychological assessments? .....	35
When do we use paper-and-pencil and performance-based type of assessments? .....	37
How do we distinguish teacher-made from standardized test?.....	38
What information is sought from achievement and aptitude tests? .....	39
How do we differentiate speed from power test? .....	40
How do we differentiate norm-referenced from criterion-referenced test?.....	40

## CHAPTER II: DEVELOPMENT AND ADMINISTRATION OF TESTS

<b>Lesson 4: Planning a Written Test</b> .....	50
Why do we need to define the test objectives or learning outcomes targeted for assessment? .....	51
What are the objectives for testing? .....	51
What is a table of specifications? .....	52
What are the general steps in developing a table of specifications? .....	52
What are the different formats of a test table of specifications? .....	54
<b>Lesson 5: Construction of Written Tests</b> .....	68
What are the general guidelines in choosing the appropriate test format? .....	69
What are the major categories and formats of traditional tests? .....	71
What are the general guidelines in writing multiple-choice test items? .....	72
What are the general guidelines in writing matching-type items? .....	75
What are the general guidelines in writing true or false items? .....	79
What are the general guidelines in writing short-answer test items? .....	81
What are the general guidelines in writing essay tests? .....	82
What are the general guidelines in problem-solving test items? .....	84
<b>Lesson 6: Establishing Test Validity and Reliability</b> .....	96
What is test reliability? .....	97
What are the different ways to establish test reliability? .....	97
What is test validity? .....	104
What are the different ways to establish test validity? .....	104
How to determine if an item is easy or difficult? .....	108

## CHAPTER III: ORGANIZATION, UTILIZATION, AND COMMUNICATION OF TEST RESULTS

<b>Lesson 7: Organization of Test Data Using Tables and Graphs</b> .....	120
How do we organize and present ungrouped data through tables? .....	122
How do we present test data graphically? .....	126
Which graph is best? .....	134
What are the variations on the shapes of frequency distributions? .....	135

<b>Lesson 8: Analysis, Interpretation, and Use of Test Data .....</b>	<b>153</b>
What are measures of central tendency? .....	154
What are measures of dispersion? .....	164
What are measures of position? .....	170
What are standard scores? .....	175
What are measures of covariability? .....	179
<b>Lesson 9: Grading and Reporting of Test Results .....</b>	<b>200</b>
What are the purposes of grading and reporting learners' test performance? .....	201
What are the different methods in scoring tests or performance tasks? ....	201
What are the different types of test scores? .....	208
What are the general guidelines in grading tests or performance tasks? ....	215
What are the general guidelines in grading essay tests? .....	216
What is the new grading system of the Philippine K-12 Program? .....	218
How should test results be communicated to different stakeholders? .....	220
Table of Specifications .....	233
Summative Test For Assessment in Learning 1 .....	235
Scoring Rubric for Reflective Journal .....	252
Whole Course Portfolio Rubric .....	255
Self-Assessment of the Course Experience.....	261
Glossary of Terms .....	263
Key to Corrections of the Summative Test .....	271
Bibliography .....	311
Index.....	315

## ABOUT THE BOOK

*Assessment in Learning 1* reflects Assessment of, as, and for Learning using the conventional approach. It tells the whys, whats, and hows of high quality pen-and-paper test as a tool in assessing learning. It helps future teachers on how to collect, organize, interpret, utilize, and communicate assessment results to relevant stakeholders. Lessons are designed to aid future teachers in identifying important learning outcomes that should be targeted in the course, which are reflection of the outcomes defined in the Policies, Standards and Guidelines (PSGs) for teacher education set by the Philippine Professional Standards for Teachers (PPST), and the competencies that every assessor of learning should be equipped with. It provides a repertoire of techniques and tools that promote and assess the holistic development of learners and the 21st century skills they are equipped with. This book is designed using the UPDATES Framework of the PATEF-UPDATE, Inc.

## ABOUT THE AUTHOR-COORDINATOR

**Dr. Marilyn Ubiña-Balagtas** is the University Professor and the Dean of the College of Flexible Learning and ePNU at the Philippine Normal University, the president of the Philippine Educational Measurement and Evaluation Association (PEMEA), an adviser of PATEF-UPDATE, and a member of the following organizations: the American Educational Researchers Association (AERA), International Association on Educational Assessment (IAEA), National Council of Measurement in Education (NCME), National Research Council of the Philippines (NRCP), and Pi Lambda Theta (PLT). She earned her doctorate degree in research and evaluation at the University of the Philippines. She has been trained in curriculum, evaluation, and research in Malaysia, Australia, and Poland. She is a recipient of various academic and leadership awards and scholarships; a researcher, writer, leader, and resource person; and a consultant in educational assessment and research in different agencies, institutions, and organizations in the Philippines and abroad.

## ABOUT THE AUTHORS

**Dr. Adonis P. David** is the director of the Graduate Research Office at the Philippine Normal University. His teaching expertise is in educational research methods. He published research papers in journals accredited by the Commission on Higher Education and indexed in SCOPUS and Web of Science. He served as editor-in-chief of *The Educational Measurement and Evaluation Review*, the official journal of the Philippine Educational Measurement and Evaluation Association. He is a registered guidance counselor (Top 2 in the 2008 board examination). He was educated in De La Salle University (Doctor of Philosophy in Educational Psychology), University of Santo Tomas (Master of Arts in Guidance and Counseling), and Far Eastern University (Bachelor of Science in Psychology).

**Dr. Evangeline F. Golla** is the President of Pi Lambda Theta Philippine Area Chapter, an international society of women educators. She served the Philippine Normal University for 41 years in various capacities, from instructor to the vice president for Planning, Research, and Extension. She led projects in science and mathematics education, ICT, and assessment at the institutional, national, and international levels including the Teacher Education and Development Study in Mathematics of the International Association for Evaluation of Educational Achievement. She co-authored books and journals in mathematics education, research, and statistics. She obtained her doctorate degree in research and evaluation at the University of the Philippines. She was a recipient of awards and scholarships from the Regional Centre for Education in Science and Mathematics (RECSAM) in Malaysia and from the German Academic Exchange Service (DAAD) in Germany.

**Dr. Carlo P. Magno** specializes in the area of educational measurement and the analysis of test data. He constructed several standardized measures for various purposes. His work was recognized as the Outstanding Scientific Paper in Social Science in 2008 by the National Academy of Science and Technology. He is a SEAMEO INNOTECH Research Fellow and the 2011 Outstanding Young Scientist in the Republic of the Philippines and the Global Science Academy. He published over 103 publications in scientific journals. In 2011, he wrote the report for policy recommendations for the K to 12 program and the 2014 assessment framework, Learning and Development System, Principals Test, and the Superintendents Leadership Program.

**Dr. Violeta C. Valladolid** was formerly the director of the Institutional Testing and Evaluation Office of the De La Salle University (DLSU). She obtained her bachelor's and master's degrees in psychology from the University of the Philippines-Diliman. She completed her PhD in Educational Research, Evaluation, and Measurement from DLSU-Manila and was awarded for Outstanding Dissertation. She is a licensed psychologist and psychometrician. She was a fellow of the United Board for Christian Higher Education in Asia. She also conducted numerous institutional research studies, scale development projects, and performance evaluation activities. Currently, she teaches graduate courses at DLSU.

OUTCOMES-  
BASED  
EDUCATION

Outcomes-Based Education (OBE) has become a powerful and engaging way of reforming the Philippine educational system. The highlight of OBE is the product — to develop the ideal graduates.

The Rex Book Store, Inc. tertiary textbooks are designed in compliance with the Commission on Higher Education's (CHED) requirements for OBE learning materials. The content, learning activities, and exercises aim to guide students to learn important knowledge and acquire skills to meet the CHED's prescribed competencies in specific programs.
