Notice

Practitioners and researchers must always rely on their own experience and knowledge in evaluating and using any information, methods, compounds or experiments described herein. Because of rapid advances in the medical sciences, in particular, independent verification of diagnoses and drug dosages should be made. To the fullest extent of the law, no responsibility is assumed by Elsevier, authors, editors or contributors in relation to the adaptation or for any injury and/or damage to persons or property as a matter of products liability, negligence or otherwise, or from any use or operation of any methods, products, instructions, or ideas contained in the material herein.

This reprint is licensed for sale in Singapore, Malaysia, Brunei, Indonesia, Philippines, Thailand, Vietnam, Cambodia, Laos and Myanmar only. Circulation of this version outside these territories is unauthorized and illegal.

Online resources are not available with this reprint. To access any or all of these assets, the original edition must be purchased by the individual user.
