## ABSTRACT

**FRONDOZA, MA. LIZA BAYA.** MOF Company inc., Hanjin Shipping Lines, Pasay City. Field Study. Bachelor of Science in Business Management major in Economics. Cavite State University, Indang, Cavite. April 2004. Adviser: Mrs. Marilou P. Garcia.

A field study was conducted at MOF Co. Inc., Hanjin Shipping Lines, at 2232 CTC Building Roxas Blvd, Pasay City. The objectives of the study were to expose the author to the different management operations of the firm, know the established rules and regulations in the office and identify the different problems encountered by the firm and recommend possible solutions.

Data and information were collected from the company's files and through interviews with the employees.

Hanjin Shipping Co. Ltd. Is the biggest Korean Line based in Seoul, South Korea, which utilizes feeder vessels to Hong Kong or Pusan to connect mother vessels serving the shipping routes in the United States, Pacific Northwest, Pacific Southwest, and Atlantic Ports. Further south of the American continent, the vessels of Hanjin also ply the trade routes calling at the ports of Mexico, Central and South American States.

Marina Olondriz Fernandez is 100 percent owned by a Filipino-Spanish businessman Mr. Jose Eduardo O. Peña.

Hanjin Shipping has always established high standard to deliver exceptional service for their valued customers. In order to do so, Hanjin shipping continuous to expand and refine value added services such as its multi information system and first-rate educational training for their staff. They are continuing to build a solid groundwork for
