ABOUT THE AUTHORS	

About the Book

Service-learning and Immersion towards Community Building: NSTP-CWTS 2 Worktext for College Students (Second Edition) presents students, teachers, and professionals with lectures and exercises based on the 2009 Revised Implementing Rules and Regulations (IRR) of the National Service Training Program Act of 2001 (Republic Act No. 9163). It discusses at length the service-learning theory; the concept of a community; community immersion; and participatory project planning, implementation, monitoring, and evaluation. To facilitate research and field work, this textbook also provides a list of the subject's main areas of concern and various activities, parlor games, and energizers to demonstrate community group dynamics.

Excello™ is a continuously expanding aggregation of high-quality learning assessments designed to help students master the Philippine curriculum's key skills and provide teachers with easy-to-use test creation tools.
