E 887.17

'Kenneth Campbell's *A History of the British Isles: Prehistory to the Present* draws upon the latest scholarship to provide a lively narrative that embeds political developments in a rich cultural and social context. Its accessible prose and comprehensive scope will make it valuable as a text for both introductory and more advanced surveys of British history.'

GAIL SAVAGE, PROFESSOR OF HISTORY, ST. MARY'S COLLEGE OF MARYLAND, USA

'This is a bold book in its chronological range and synoptic vision. Kenneth Campbell has an outsider's penetrating eye in exploring, century on century, the complex ways in which Britain and Ireland have evolved. There could be no better time than the present to study this guide to their past.'

KEITH ROBBINS, EMERITUS PROFESSOR OF HISTORY, UNIVERSITY OF WALES-LAMPETER, UK

'In this compelling survey of the British Isles from prehistory to the present, Kenneth Campbell skillfully blends narrative and analysis in a satisfying synthesis. His scholarship is fresh and up to date, his conclusions are judicious and his writing is crystal clear. The book will serve as an invaluable introduction for undergraduates, a useful aid for teachers and an engaging text for general readers.'

BRIAN LEWIS, PROFESSOR OF HISTORY, MCGILL UNIVERSITY, CANADA

A History of the British Isles is a balanced and integrated political, social, cultural, and religious history of the British Isles in all its complexity, exploring the constantly evolving dialogue and relationship between the past and the present.

A wide range of topics and questions are addressed for each period and territory discussed, including England's Wars of the Roses of the 15th century and their influence on court politics during the 16th century; Ireland's Rebellion of 1798, the Potato Famine of the 1840s and the Easter Rising of 1916; the two world wars and the Great Depression; British cultural and social change during the 1960s; and the history and future of the British Isles in the present day.

Kenneth Campbell integrates the histories of England, Ireland, Scotland, and Wales by exploring common themes and drawing on comparative examples, while also demonstrating how those histories are different, making this a genuinely integrated text.

KENNETH L. CAMPBELL is Professor of History at Monmouth University, USA. He is the author of *Ireland's History: From Prehistory to the Present* (2013) and *Western Civilization: A Global and Comparative Approach, Volumes I & II* (2012).
