Foreign Relations and Policies of China

About the Book

China has emerged as a leading country when it comes to trade and power. It has successfully kept diplomatic ties with all the other major super powers in the world like USA, Russia, France, India, Turkey, Germany, etc. The main aim of China's foreign policies is to preserve the independence and integrity of the nation and promote world peace. This book is designed to provide students with all the necessary information with regards to the foreign policies and relations of China. The topics included in this text are of utmost importance and provide thorough information about this area. This textbook will serve as a valuable source of reference for those interested in this field.

About the Editor

Ellis Anderson received his MA in International Relations from The University of Northampton, United Kingdom. His primary areas of scholarly and research interests lie in Chinese economic policies. He serves on the editorial board of several journals in the field of international relations. Anderson has also been a keynote speaker at numerous conferences.
